

Open Position for Assistant Professor at Center for Environment Remote Sensing (CEReS) of Chiba University

Center for Environment Remote Sensing (CEReS) of Chiba University, Japan invites applications for an Assistant Professor (a full-time, non-tenured position).

1. Number of open positions

One

2. Job description

Researches related to atmospheric environment (radiation, aerosols, clouds, and trace gases) using remote sensing techniques. In particular, for new generation satellite observations such as the Himawari-8 geostationary meteorological satellite, researches on validation/improvement of satellite products and their applied researches are preferred.

3. Qualifications

- 1) Ph.D holder in atmospheric science, meteorology, or a related discipline.
- 2) To be engaged in the above-stated researches positively and actively.

4. Application deadline

June 30, 2016 JST

5. Selection process

After the application documents are reviewed as the first screening, only suitable applicants will be interviewed (at Chiba University or via Skype).

6. Term

The term starts at the earliest convenient date after October 1, 2016 and will end on March 31, 2017. There would be a possibility of contract extension up to March 31, 2020.

7. Treatment

- 1) Job title: Assistant Professor (project-based)
- 2) Employment status: Full-time, non-tenured
- 3) Salary, holidays, allowances, and insurances: Following the rules of Chiba University

8. Application documents

- 1) Curriculum vitae with a photo of the applicant
- 2) Contact information for the applicant
- 3) Achievement list (Description style is arbitrary. The list should be written on A4-size paper and the followings should be included; (a) peer-reviewed research papers, (b) general articles, (c) books, (d) patents, (e) conference presentations, and (f) scientific research grants)
- 4) Copies of three major publications
- 5) Abstract for research experiences and achievements (about 1,500 words in total)
- 6) Statement for future research plans (about 1,500 words in total)
- 7) Contact information for two referees (name, address, and E-mail address)

Submission of (1)~(7) in either print or electronic (USB or DVD) versions is required.

9. Submission

Please send all the above application documents to the following address by registered mail. Write "Application for an assistant professor at CEReS" in red letters on the envelope. Submitted application documents will not be returned.
